GUARANTEED PAYMENTS

The Forever Fund offers a variety of payout options designed to meet different retirement goals. Whether you're looking for lifetime income, guaranteed payments for a set period, protection for your beneficiaries, or payments that grow over time, there's an option to fit your needs. Choose the one that gives you the peace of mind and flexibility you're looking for.

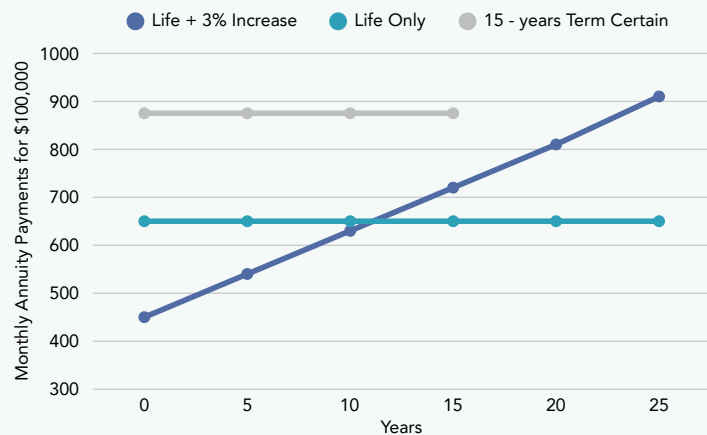

WHAT HAPPENS IF...

If the annuitant passes away early, your selected option determines what happens next. Some payout options, like Cash Refund, Installment Refund, or Term Certain, ensure your loved ones continue to receive payments or get back any remaining premium. Others, like Single Life without add-ons, simply end payments when the annuitant passes away.

The great part? You get to decide what feels right for you and your family. Whether you want to prioritize guaranteed income for life, protect your premium, or make sure your beneficiaries are covered, the Forever Fund gives you the flexibility to choose.

THE POWER OF INCOME FOR LIFE

An immediate annuity—like the Forever Fund—turns your lump-sum savings into reliable, predictable payments for life or a set period. It's a great way to create a personal pension, helping you feel confident that you'll never run out of income, no matter how long you live.**

YOUR MONEY, YOUR WAY

Start by choosing how you want your money and who you want covered...

Term Certain Only (5, 10, 15, or 20 Years): Guaranteed payments—even if the annuitant passes away during that time. You pick the term.

Single Life: Covers one person. Payments continue for the annuitant's lifetime. No further payments after their death.

Joint Life with % Survivor:

Covers two people. Payments continue as long as either annuitant is alive. After one passes away, the survivor continues receiving payments. When you apply, you choose if the survivor gets 100%, 75%, or 50% of the original payment amount.

OPTIONS BUILT FOR PEACE OF MIND

Worried about what happens if you pass away early? Add features to your Single or Joint Annuity payments. You choose.

Cash Refund:

Prefer a one-time return of premium? The cash refund option ensures any unused premium (minus any premium tax) is paid to your beneficiary in a lump sum, giving you peace of mind that your investment won't go to waste.

Installment Refund:

Want your payments to continue to a loved one? The installment refund keeps annuity payments going to your beneficiary until your full premium (minus any premium tax) has been paid out.

Term Certain: Looking for a guaranteed minimum payout? The Term Certain add-on guarantees income for a set number of years, even if the annuitant, or annuitants, pass away early. Your beneficiary continues receiving payments for the remainder of the term.

CUSTOMIZE YOUR INCOME

When you choose either the Single Life Only or Joint Life with Survivor at 100% option, you can add our annual increase option, which allows you to select a yearly payment boost of 3%, helping your income keep pace with rising living costs. Or, you can keep your payments level.

Additionally, you can choose how frequently you receive your payments: monthly, quarterly, semi-annually, or annually.

*Annuity contracts contain limitations. Please consult the contract for more details regarding these limitations. Future interest rates are subject to change at the sole discretion of Puritan Life.

**This chart is a hypothetical illustration that compares how different SPIA payout options could impact payments over 25 years, based on a \$100,000 premium. Not a guarantee or prediction. Actual payments depend on individual circumstances and current rates.
